

# Adelitas Way, Scream

Light the gasoline  
I've got the remedy  
To burn your memories  
I don't know if it can  
Never be afraid  
To live with the lies and pain  
You're never going to be the same  
I don't know if you can  
I want to take it too far  
Come on don't be shy  
I want to make you go down down  
(Chorus)  
I can make you scream  
How I live my life when I have no choice  
I see it in your eyes you're crazy  
Just scream  
How it feels inside  
Let me hear your voice  
And make it loud this time it opens up my mind  
Tell me what you see  
I'm not your enemy  
If that's what you want to be  
I don't know if I can  
When you scream my name  
And I take all the blame  
It's never going to be the same  
I don't know if you care  
I want to take it too far come on don't be shy  
I want to make you go down down  
(Chorus)  
When you scream  
Maybe you're in denial  
It kills me I can see it it's on your face  
I can't see  
Now we're breaking the silence  
When you scream  
Let it go and you take it away  
(Chorus)  
Maybe you're in denial  
I can make you scream  
I can see it it's on your face  
When you scream  
Now we're breaking the silence  
I can make you scream  
Let it go and you take it away
