

# Adem, Sea Of Tranquility

So here we are  
And we're looking for  
A treasure  
Take deep breath  
And follow me  
To the sea

We're nearly there  
Take a deep breath  
And follow me  
Find what you seek

Let's dive  
Cause I'm seasick from this solid ground

We're so close,  
I think we  
Have found it here  
It's at the tips of our fingers  
Feel it at the tips of our tongues

Let's dive  
Cause I'm seasick from the solid ground  
Let's dive  
Who knows what we might find around
