

# Adema, Freaking Out (Chris Vrenna Remix)

I was so much an outcast no one ever liked me  
'Cause I wasn't wanted I was so different from  
The rest of them all fucked up on the drugs  
From all the speed and I never got no sleep  
'Cause I kept on trippin' over what they said  
And everything that my mom said made me mad  
And everything that my dad said made me sad  
Why am I even trying?  
I'm crying out, I'm crying out  
I cannot seem to keep from freaking out  
Spinny round, spinny round, I've fallen down  
I cannot seem to keep from freaking out  
You keep shootin' those glances, relating to the rawness  
I'm a fuckin' lost kid trying so hard to become just like me  
Talk like me, walk like me, you keep trippin' on everything  
I wear, every time I swear even when it comes to my hair  
It seems like you don't have the time to relate to my kind  
I'm not a dope pullin' your life  
Why am I even trying?  
I'm crying out, I'm crying out  
I cannot seem to keep from freaking out  
Spinny round, spinny round, I've fallen down  
I cannot seem to keep from freaking out  
I'm trippin' out, I'm trippin' out  
I cannot seem to keep from freaking out  
Draw me down, breaking down I hit the ground  
I cannot seem to keep from freaking out  
Your dreamy dreads  
Are you still tripping on me?  
You're drinking dread  
Are you still tripping on me?  
Now do you drift?  
Are you still tripping on me?  
Now do you drift?  
Why are you tripping on me?  
I was so much an outcast  
Find a way to make it right  
I was so much an outcast  
I can't seem to find a way to make it right  
I was so much an outcast  
No ever liked me  
I can't find a way to make it right  
I was so much an outcast  
I can't seem to find a way to make it right  
Why am I even trying?  
I'm crying out, I'm crying out  
I cannot seem to keep from freaking out  
Spinny round, spinny round, I've fallen down  
I cannot seem to keep from freaking out  
I'm trippin' out, I'm trippin' out  
I cannot seem to keep from freaking out  
Draw me down, breaking down I hit the ground  
I cannot seem to keep from freaking out  
I'm crying out, I'm crying out, I'm crying out, freaking out  
Draw me down, breaking down I hit the ground  
I cannot seem to keep from freaking out
