

# Adema, Invisible

The game is to free fame  
The mental picture and let it be shown  
It looks a lot like this  
And I can't bear to look alone  
There's a little inside  
That we never really know  
Till the hole gets deeper and it starts to show  
There's a part of you  
That likes to feel it too  
Just like we always do

I try but I can't explain  
Why I will never be the same  
I know I'm just another face in the crowd now  
Yeah I'm invisible

I stayed awake until the morning after  
I couldn't just tell you there was something wrong  
I fought the pain that soon became a disaster  
Don't walk away because they're playing our song  
No don't go  
Light can't shine beneath an open door  
If you feel the same way too  
Then I got nothing left to lose

I try but I can't explain  
Why I never be the same  
I know I'm just another face in the crowd now  
Yeah I'm invisible

(We know)

I've always been a zero

If you could see me now  
If you could see me now  
If you could see me now

I've tried but I can't explain  
Why I never be the same  
I know I'm just another face in the crowd now  
Yeah I'm invisible

I've tried but I can't explain  
Why I never be the same  
I know I'm just another face in the crowd now  
Yeah I'm invisible
