I'm Payin' For It Now

Well, I never really did anything wrong

But I guess I didn't do much right

It caught me off guard when I got home

And you weren't here tonight

Your not says I'm gonna be sorry

And that one of these days I'm gonna pay...well

You don't know what you're talking about

You think you've got it all figured out

Well I hate to be the one to break it to you

But when you said someday that

I would pay for lettin' you down

You were wrong

Cause I'm payin' for it now

Well I really didn't think I could hurt anymore

'Til you called me on the phone

You said you didn't want to talk, just had to be sure

That I didn't miss your note

Well, I think it's around here somewhere

And oh, baby, by the way

You don't know what you're talking about

You think you've got it all figured out

Well I hate to be the one to break it to you

But when you said someday that

I would pay for lettin' you down

You were wrong

Cause I'm payin' for it now

Girl when you said someday

That I would pay for lettin' you down

You were wrong

'Cause, I'm payin' for it now

Oh, I'm payin' for it now

Trust me I'm payin' for it now
