

# Adolescents, Find A Way

He said, I see the dawn as a fading looking glass  
I'm on an island, alone in the mass  
I can't swim and I'm sinking fast  
I have no future, no connection to the past

Life has no meaning, that's the catch  
I gotta find a way out of here  
It's hard to find my way out of here  
He started weeping, turned and wiped away a tear  
Please help me find a way out of here

I said, I know you when you're inside here  
It's overwhelming that the darkness never clears  
In this abyss, at the edge you're stepping near  
All the nightmares, all the fear  
Listen to your heart, can't you hear?  
You can find your way out of here

The sun, look for the sun  
Look for the sun, the son above  
Look for the dove and fly

Fly out of here  
You've got to find a way out of here  
Spread your wings and fly away from here  
You've got to find your way out of here  
Turn away from the anger and fear  
And find a way out of here

The sun will shine  
The sun will shine  
The sun will shine
