

# Adonis Graham, MY MAN FREESTYLE

Don't talk to my man like that  
I like it when you like it  
My, my, my, my man  
My, my, my, my man  
Don't talk to my man like that  
I like it when you like it  
My, my, my, my man  
My, my, my, my man

You know which one you want  
I don't care which one you want  
You can take whatever  
I don't care what you do  
I will always, watchin' for you  
This is the only one you want  
You will watch yourself after  
If you get them dirty, I don't know

Don't talk to my man like that  
I like it when you like it  
My, my, my, my man  
My, my, my, my man  
Don't talk to my man like that  
I like it when you like it  
My, my, my, my man  
My, my, my, my man

I was waiting for this moment to arrive  
I was driving in the car and I mash my car  
I was playing on my iPad and I broke my iPad  
I am going to my house, see my dad  
I am saying hi to my dad and I have to go change  
I'm playing basketball  
This is how much I want to, bare court  
Ten thousand days and I know  
Ten thousand weekends and you know  
Ten thousand hours and you know  
Ten thousand everything and you know  
And you know how much (Ha-how)

Don't talk to my man like that  
I like it when you like it  
My, my, my, my man  
My, my, my, my man  
Don't talk to my man like that  
I like it when you like it  
My, my, my, my man  
My, my, my, my man

This is the one you want, ayy  
This is the one you want, ayy  
You got the one percent for it  
You can go ask for it, other person  
I don't got it, I don't get it  
I don't fake it, I don't lick it  
You don't want to eat a lollipop  
I don't know who sells ice pops  
I don't know who sells lollipops  
I don't know who sells lollipops  
Go ask to a cloud, I don't know  
Go ask to a cloud, I don't know  
You can go ask somebody else  
I do not have the skills for it  
I just have the skills for the basketball game

Or the soccer game, or the tennis game, or the golf game

Don't talk to my man like that  
I like it when you like it  
My, my, my, my man  
My, my, my, my man  
Don't talk to my man like that  
I like it when you like it  
My, my, my, my man  
My, my, my, my man
