

Adorned Brood, The Ambush

The journey went on, through a black
forest of misfortune.
Woods of murderers and scum.
Far away they heard laughter.
Many eyes followed them.
Narog scented their were being watched.

"The second trial is awaiting you."
"In the battle I will be on your side.
My sword will kill for you."

The scum attacked from the ambush.
A violent battle began.
The bodies of the scum were torn into pieces by the swords.
The blades were drilled deeply into the scum's bodies.
The silence turned into beastly screams.
