

Adrienne Pierce, Beautiful

So sorry to hear
The peace parade woke you up today
So sorry to hear
Another hair has turned gray
Play the victim so I let you
Believe the world is out to get you
Play the victim so well so we let you
Believe the world is out to get you
And you say, "Why can't they see
I am beautiful, beautiful?"
And each day you wanna scream
I am beautiful, beautiful
So sorry to hear
Another friend got engaged
Can't stand to see
Another sad scene you've staged
Play the victim so I let you
Believe the world is out to get you
Play the victim so well so we let you
Believe the world is out to get you
And you say, "Why can't they see
I am beautiful, beautiful?"
And each day you wanna scream
I am beautiful, beautiful
One day I saw you smile
Forgot about yourself for a little while
And you were beautiful, beautiful
And you say, "Why can't they see
I am beautiful, beautiful?"
And each day you wanna scream
I am beautiful, beautiful
And you say, "Why can't they see
I am beautiful, beautiful?"
And each day you wanna scream
I am beautiful, beautiful
