

Adult., Hold Your Breath

Undercurrent & ebb & flow
You're going down, down in that hole
The water creeps up, in on you
Nobodies gonna, gonna hear you

Hold your breath now
For a long time
Hold your breath now
for a lifetime

You're losing your time
You're losing your breath
Don't you panic or you'll end up like the rest
Crash crash crash, in your face
Should have locked the door to your place

You're stuck now
Can't move
Cave in, on you
Your time has expired
Your time is up

Fracture your skull
Got to keep it together
This is it, it ain't gettin' no better
I don't know, what you're trying to prove
But the tides coming in and you can't move
