

Adult., Skinlike (Equation Mix)

Sometimes I drive so fast
I feel like I can't even breathe the air
There are times when I can't leave my house
For a day or more
When I touch your skin
I feel like I have to wash my hands
Just when I think I'm in control
I fall apart again

Sometimes I drive so fast
I feel like I can't even breathe the air
There are times when I can't leave my house
For a day or more
At times I feel so numb
I can't even glance at you that way
From time to time
I find there is no other way
When I touch your skin
I feel like I have to wash my hands
Just when I think I'm in control
I fall apart again
