

Aereogramme, In Gratitude

It is dangerous
To put this into words
But I'm alright
Close to fulfilment
I miss you
I miss you

And anyway
I just wanted to show you
A muse now
Empty and sinking
Lost
In gratitude
In gratitude

It is dangerous
To put into words
But I know in time
We'll get out of this mess
We'll get out of this mess

And anyway
I just wanted to show you
Some happiness
I wanted to show you the stars
I want to show you the stars
And we'll break up

Just hit the ground running
Just hit the ground running, I know
Just hit the ground running
And we'll break up

Just hit the ground running
Just hit the ground running
Just hit the ground running
That's when we'll break up

Just hit the ground running
Just hit the ground running, I know
Just hit the ground running
And then we'll stop
