

Aereogramme, Messenger

I'm glad that you came down with me
I'm glad we recalled our history well
Didn't we know the same
God, I hope
We're not safe for evil

So when does the message come
And when do they tear my sweet dreams down
I need you there to help me crawl
I am not safe for evil

So when does the message come
And when do they tear my sweet dreams down
I need you there to help me crawl
I am not safe for evil
