Aerosmith, Attitude Adjustment

This girl that I knew
She loved me and blew me away
We made love no doubt
But she never went out of her way

I keep wonderin', I keep wonderin' why Do the wings of your butterfly Lightenin' thunder I keep wonderin' why

Hey I think you need an attitude adjustment Knock-down drag out I got to make myself a latitude adjustment With or without

I was rather naive So I didn't believe when you said Our love is in jail Honey you hit the nail on the head

Well I keep wonderin', I keep wonderin' why Do the wings of your butterfly Lightenin' thunder Aint no wonderin' why

Hey I think you need an attitude adjustment Knock-down drag out Dont you ever baby, wonder where the lust went With or without

Now I know what it is Cause I know what you are No more cryin' eyes my friend Excusem fuckin' moi

No more wonderin' I got news for you

Hey I think you need an attitude adjustment Knock-down drag out I gots to make myself a latitude adjustment I'm headin' south

Yeah I think you need an attitude adjustment From inside out
