

# Aerosmith, Fallen Angels

There's a candle burning in the world tonight  
For another child who vanished out of sight  
And a heart is broken, another prayer in vain  
There's a million tears that fill a sea of pain

Sometimes I stare out my window  
My thoughts all drift into space  
Sometimes I wonder if theres a better place

(Tell me)  
Where do fallen angels go  
I just don't know  
Where do fallen angels go  
They keep falling

Now the times is frightening  
Can't ignore the facts  
There's so many people  
Just slippin' through the cracks

So many ashes are scattered  
So many rivers run dry  
Sometimes your Heaven is Hell and you don't know why

(So listen)  
Where do fallen angels go  
I just don't know  
Where do fallen angels go  
They keep falling, falling, falling...

Can you hear me  
Can you hear me  
Somewhere out there there's a shining light  
And I got to be with you tonight

And with all we're nowhere  
We still pay the price  
Yeah the Devil seems to get his way  
In downtown paradise

Where do fallen angels go  
I just don't know  
Where do fallen angels go  
They keep falling, falling, falling...

Where do fallen angels go, tell me  
I just don't know  
Where do fallen angels go  
They keep falling, falling, falling...

There's a candle burning...
