

Aerosmith, Mia

Hush-a-bye my baby soft and new
ooh her loveliness, gypsy dance in the rain
hush-a-bye my baby what you do
ooh, the baby cries, the wind she's a-callin' your name

where you came from you ain't alone
live and loved from the old jaw bone
ahh don't you cry, you're home sweet home

rock-a-bye sweet lady gypsy blue
ooh, the nightingale's singin her song in the rain
hush-a-bye sweet lady soft and new
ooh don't you cry, the wind she's a-screamin' your name

come too soon that sunny day
you give your heart away
no divorcee, no repouise
