

Aerosmith, Something's Gotta Give

Cyberotic head explode
Information overload
And I just can't take anymore
And I'm gonna break

Something's gotta give
Tell me when to turn the screw
Does the noise in my head bother you
Somethings gotta give
Comic books are comin true
Does the noise in my head bother you

Digerotic mass appeal
Feels like flesh but tastes unreal
And I'm gonna break

Something's gotta give
Tell me when to turn the screw
Does the noise in my head bother you
Something's gotta give
Dont you like it
Tell me true
Does the noise in my head bother you
Something's gotta give
Hold your breath til you turn blue
Does the noise in my head bother you
Somethings gotta give
Comic books are comin true
Does the noise in my head bother you

If love that seemed to fall from grace
Was sitting on your interface
Your megahertz she can't forgive
Your love it died before you ever lived

Something's gotta give
Tell me when to turn the screw
Does the noise in my head bother you
Something's gotta give
Dont you like it
Tell me true
Does the noise in my head bother you
Something's gotta give
Hold your breath til you turn blue
Does the noise in my head bother you
Somethings gotta give
Comic books are comin true

Does the noise in my head bother you
