

# Aerosmith, St. John

John was bad  
He gave it everything he had  
John he prayed  
For all the people ever made  
John was cool  
He never did no after school

Late at night when he praised the Lord  
He laid his hands down upon the sword

Lay down upon the sword  
Lay down upon the sword  
Lay down upon the sword  
Lay down your bloody sword

John St. John be cool  
Tell the people they'll follow you  
John St. John be cool  
Tell the people they'll follow you

Late at night when he praised the Lord  
He lay his hands down upon the bloody sword  
Laid down upon the sword, down, down, down upon the sword  
Laid down upon the sword, gettin' down upon the sword  
Laid down upon the sword, laid down upon the sword  
Laid down upon the sword, "Late Night TV Roared"
