Aerosmith, When I Needed You

When I needed you
To be my girl
When I needed you
To give me a world

When I wanted all you had
And what you gave me turned out all bad
I needed all your love

When I wanted you all for my own
When I wanted you
But you just left me alone

When I wanted all you had
And what you gave me turned out all bad
I needed all your love

When I wanted all you had
And what you gave me turned out all bad
I needed all your love

I needed all your love
