Afghan Wigs - Amphetamines and Coffee

(Paul K.)

hey man what is that yr thinkin  
maybe YOU can get away  
there must be lots of pressure  
& lots of bills to pay  
amphetamines & coffee  
it almost makes you gag  
too many big decisions  
no more time to play  
slip into something classic  
turn on the television  
ignoring all your children  
accepting their derision  
routine is acknowledged with pinnacle precision  
the statistician stares at a family in division
