

AFI, Cruise Control

I will never wanna date you while I can learn to hate you.
If you somehow learn to love me, well, that's just my luck.
I would never ever care if you only wanted friendship,
but somehow you're disappointed that I'm not a slut.

I don't wanna fuck you (x3) So fuck you!

In my mind there is no doubt that you've been in and out of many different backseats,
many times before.

I can always see your defeat when I won't leave the front seat.
Now it seems your disappointed that I'm not a whore.

I don't wanna fuck you (x3) So fuck you!

I don't wanna fuck you (x3)

I don't wanna fuck you (x3) So fuck you!

I don't wanna fuck you (x3) So fuck you!
