

# AFI, This Celluloid Dream

Calling tears from deep inside, oh, you're so exquisite  
And in the mirror, all midnight eyes  
Oh, if I could remain, but it's just a visit  
All midnight eyes read &quot;vacancy&quot;;  
Twisted, twisting

To the lovely dancing lights, I begged, &quot;May I cut in?&quot;;  
But they never stopped playing &quot;their song&quot;;  
Of a joyous song they sing, I've heard whispers  
On a freezing note, I resonate

Just like romantic verses, just like a joyous end  
Just like a memory, it twists me  
Just like romantic verses, just like a joyous end  
Twist... twisting me

You land as lightly as the new snow, cinematic  
Onto the melting boy, and melt away  
You light as gently, you're so cinematic  
Bathed in your radiance, I melt

In the glitter, in the dark, sunk into velvet  
Praying this will never end  
In the shadow of a star, in static pallor  
I realized I never began

Just like romantic verses, just like a joyous end  
Just like a memory, it twists me  
Just like romantic verses, just like a joyous end  
Twist... twisting me

You land as lightly as the new snow, cinematic  
Onto the melting boy, and melt away  
You light as gently, you're so cinematic  
Bathed in your radiance, I melt

All the colours upon leaving, all will turn to grey  
All the colours upon leaving, all will turn to grey  
(All grey) All the colours (All grey) upon leaving  
(All grey) all will turn to grey  
(All grey) All the colours (All grey) upon leaving  
(All grey) all will turn to grey... grey... twisting me

You land as lightly as the new snow, cinematic  
Onto the melting boy, and melt away  
You light as gently, you're so cinematic  
Bathed in your radiance

You land as lightly as the new snow, cinematic  
You land as lightly as the new snow, and melt away  
You land as lightly as the new snow, cinematic  
Bathed in your radiance, I melt
