

Afrojack, Gone (feat. Ty Dolla \$ign)

If I give you what you wanted, can you keep it off the record?
And when I turn on the camera, tell me, can you take direction?
Perfection!

You know the suite is presidential, you about to get elected
In the morning we can sip champagne and I'mma eat you up for breakfast, Delicious

Two times, you know I love that, love that, love that
Thick thighs, you know I love that, love that, love that
Talk nasty, girl I love that, love that, love that, love that
Back up on me, I love that, love that, love that

All around the world,
It's your turn
We can take our time, this is slow burn
Pop another pill, never sober
Baby, planning on leaving your life around midnight
Gone, gone, gone already
Baby we'll be gone, gone already
Gone!

In the morning we'll be gone
In the morning we'll be gone
You already know
In the morning we'll be gone

Baby I don't wanna rush you, you know you control the tempo
I bet you like it when I touch
I do,
Blow your mind just like a whistle,
Official
No we ain't gotta complicate things, just keep it nice and simple
Nice and simple, nice and simple
That's how we do it, how we do it all day,
Baby girl you got potential
If you want the info, I'mma give it to you!

Two times, you know I love that, love that, love that
Thick thighs, you know I love that, love that, love that
Talk nasty, girl I love that, love that, love that, love that
Back up on me, I love that, love that, love that
