

# After 7, Kickin' It

When I look in your eyes, I see a reflection of me  
Being there for you whenever you need me, yeah  
I can't describe my soul feelin' so deep  
For you girl it's like a dream come true  
You are my everything  
I won't never leave you, or desert you  
I won't risk the good things that we have in life, oh girl  
It's important to me, for you to trust me, baby  
'Cause I'm givin' my all and all to you right now  
Just right, tonight, I wanna love you down  
I'll never ever leave you alone and confused  
That's one thing that you'll never have to think twice about, baby  
Don't mind kickin' it with you, kickin' it with you  
But lately I've been thinkin' you're the only one that's right for me  
Just right, tonight, I wanna love you down, girl  
You're my girl, and I can't see myself  
Givin' you to somebody else, it's so impossible  
Whenever you need a friend, I'll be there till the end  
I'm the way I am and you're just stuck with me, girl  
You know it's true  
'Cause for you, I wanna do most everything  
Oh girl, you've got my heart in the palm of your hand  
And I've been waiting for the right time to show you how I feel  
Hey, tonight, just right, I wanna love you down  
I'll never ever leave you alone and confused  
That's one thing that you'll never have to think twice about, baby  
Don't mind kickin' it with you, kickin' it with you  
But lately I've been thinkin' you're the only one that's right for me  
I'll never ever leave you alone and confused  
That's one thing that you'll never have to think twice about, baby  
Don't mind kickin' it with you, kickin' it with you  
But lately I've been thinkin' you're the only one that's right for me  
Just right, tonight, I wanna love you down, girl  
Never ever leave you alone  
Never ever leave you alone  
Never ever leave you alone  
Never ever leave you alone  
Never ever leave you alone  
Never ever leave you alone  
Never ever leave you alone  
I'll never ever leave you alone and confused  
That's one thing that you'll never have to think twice about, baby  
Don't mind kickin' it with you, kickin' it with you  
But lately I've been thinkin' you're the only one that's right for me  
I'll never ever leave you alone and confused  
That's one thing that you'll never have to think twice about, baby  
Don't mind kickin' it with you, kickin' it with you  
I'll never ever leave you alone and confused  
That's one thing that you'll never have to think twice about, baby  
Don't mind kickin' it with you, kickin' it with you  
But lately I've been thinkin' you're the only one that's right for me  
I'll never ever leave you alone and confused  
That's one thing that you'll never have to think twice about, baby  
Don't mind kickin' it with you, kickin' it with you  
But lately I've been thinkin' you're the only one that's right for me  
I'll never ever leave you alone and confused  
That's one thing that you'll never have to think twice about, baby  
Don't mind kickin' it with you, kickin' it with you
