

# After 7, Til You Do Me Right

I was in love with you, and gave my heart to you.  
I did my best to keep you satisfied.  
You took the love from me, and used it selfishly.  
You did not give back your love to me at all.  
I gave the sun to you, you said it was too bright.  
I gave you diamond rings, you said they didn't shine.  
I gave my world to you, you said it's not enough.  
What in the world could I have done to make you be so rough.

Chorus:

Til you do me right, I don't even want to talk to you.  
I don't even wanna hear you speak my name.  
And til you do me right, only wrong is gonna come to you.  
Nothing good is gonna come to you til your change your ways.  
Until you change your evil ways.

Girl I was there for you.  
Someone you could talk to.  
How could you just keep breaking my heart?  
What did I do to you to make you be so cruel?  
I don't understand why you've been so wrong.  
I tried to be your strength, you said I was too strong.  
I tried to compromise, so we could get along.  
I gave my loe to you, despite your evil ways.  
I guess it's clear to me, there's only one thing left to say.

Chours:

Til you do me right, I don't even want to talk to you.  
I don't even wanna hear you speak my name.  
And til you do me right, only wrong is gonna come to you.  
Nothing good is gonna come to you til your change your ways.  
Until you change your evil ways.

Bridge:

There's a time when you know what you feel inside your heart.  
It's telling you that something feels strained.  
Girl you don't have to deny it, all you got to do is just try it.  
You'll find our love is stronger if' your willing to change.

Chorus:

Til you do me right, I don't even want to talk to you.  
I don't even wanna hear you speak my name.  
And til you do me right, only wrong is gonna come to you.  
Nothing good is gonna come to you til your change your ways.  
Until you change your evil ways.
