

# Afterhours, Confidence

Time eventually went by  
Between these slaying routes  
Between these slaying routes  
Getting so much confidence  
In  
Riding in 'n' riding on  
Saw your face is getting cold  
And then i better die  
Than getting so much confidence  
In  
Riding in 'n' riding on  
I... I... I... I...  
I got you  
I got you  
Deep inside my brain  
The precious love good-bye  
The pressure (love) good-bye  
Getting so much on confidence  
In Riding in 'n' riding on  
Ride it in  
Ride it in  
And dilate me
