

Against All Authority, Hard As Fuck

One day I decided I would pray (Hey!)
I kneeled down and looked to the sky (Hey!)
I asked God why is life so hard (Hey!)
He turned his back and I started to cry (Hey!)

You turn your back on me
So I turn my back on you
Fuck your system and fuck you too

You turn your back on me
So I turn my back on you
Fuck your system and fuck you too

You tell me to follow your rules
Well, how the fuck do you expect me to obey them
When you can't even follow them yourself
You're just trying to keep me down...keep me down...
