

# Against All Authority, Policeman

You want authority  
You want a war with me  
What motivated you  
To reinforce all policy  
You want authority  
You want a war with me  
And any opposition  
You suppress for a salary  
When I see you I should feel safe  
But I don't cause I know just how you take  
Advantage - Of your position  
The answer - Is sedition  
Don't understand so why don't you clue me in  
Cause there must be something that you're missing  
Somewhere deep within  
You say it keeps me free  
I have to disagree  
We've seen it before  
And we'll see it again  
You infringe upon the rights  
Of those you should defend
