## Against Me!, Haste Killed Creativity

The days blow by in agile moments of clarity and blind despair.
With rage so thick it's bittersweet to see a smile come through here and there.
You put your faith in living, but youthful idealism is no longer welcome here.

(WOOOOOOOH) I'm not dead yet. (WOOOOOOOH) Hopes not dead yet. (\*2)

A hero's march down scorn filled halls defeats the charity of last years hell.
Your vain eyes show no respect, just loss of recognition broken spirit burnt out will.
Sing a song of cynicism a foul smell of shit decay and degradation in the midst of celebration.

(WOOOOOOOH) I'm not dead yet. (WOOOOOOOH) Hopes not dead yet. (\*2)
