

Agata Dziarmagowska, President

Run away like a hooligan
We both know live is a roller, rollercoaster
Wake up, wake up
I the make you, my brother
Come with me

And you only getting younger
We figment freaks, but
Everyone is a winner in my presidency
We figment freaks, but
Everyone is a winner in my presidency

I wanna live like a President
Let everybody know that I'm a freaky winner
I wanna live like a President
Rumble, rumble
A love like ...
I'd be run a city
I'd be run a city
I'd be run a city
Me and my cool boy

I wanna live like a President
Let everybody know that we're a freaky winner

Go, go now
If you know the reason
We're the revolution, we're freedom
Bum, bum
And we only get higher
In this jungle, in the fire

And you only getting younger
We figment freaks, but
Everyone is a winner in my presidency
We figment freaks, but
Everyone is a winner in my presidency

I wanna live like a President
Let everybody know that I'm a freaky winner
I wanna live like a President
Rumble, rumble
A love like ...
I'd be run a city
I'd be run a city
I'd be run a city
Me and my cool boy

We're the revolution
And we're the wild ones
We put that bass of heart
Coz we're gone live young
