

Agata Karczewska, Envy is My Sin

I am just a humble man
I am just a lovely man
horrified by shame

gonna make you believe
gonna make you believe
that surely I am the only one
and Envy is My Sin
Envy is My Sin

when I am down on my knees
do you got to forgive me, pleas

father and son and holy ghost
father and son and holy ghost

so tell me which one you like the most
so tell me which one you like the most
so tell me which one you like the most
so tell me which one you like the most

how can you avoided me
how can you refused to see
that baby you were made for me

I count from 1 to 3
I count from 1 to 3
don't wake the monster in me

and Envy is My Sin
Envy is My Sin

when I am down on my knees
do you got to forgive me, pleas

father and son and holy ghost
father and son and holy ghost

so tell me which one you like the most
so tell me which one you like the most
so tell me which one you like the most
so tell me which one you like the most
