Agent 51, Wrecking Ball

She's a wrecking ball Like a fever I burn faster

She she, She's gone faster Her machine will make you weary

She she, she's gone faster

Her high-speed mind is what I'm fearing

Hold on to your?

Hold on to your heart

Ready get set

Tear this place apart

Oh my god she's a wrecking machine

She burned my motor on my engine clean

Quit playin' dirty tricks single picks

She does it all

She's a wrecking ball

She's going down low to the fire

She she, she's gone faster

And I don't give a damn if it takes me higher

If she don't care bout elimination

She she, she's gone faster

Then I don't give a fuck its my bad reputation

Hold on to your?

Hold on to your heart

Ready get set

Tear this place apart

Oh my god she's a wrecking machine

She burned my motor on my engine clean

Quit playin' dirty tricks single picks

She does it all

She's a wrecking ball

Wrecking ball

She's my wrecking ball

Oh my god she's a wrecking machine

She burned my motor on my engine clean

Quit playin' dirty tricks single picks

She does it all

Oh my god she's a wrecking machine

She burned my motor on my engine clean

Quit playin' dirty tricks single picks

She does it all

She's a wrecking ball
