Agents Of Chaos
Earthed To The Ground
Earthed To The Ground [incomplete]
??
Got my hi-fi, as I should
Video cassette is what I need
For my favourite programs on TV
Separate slider, tone control
Extra speaker with bass and roll
Audio spectrum, sonic swirl
Computer mix with knobs to twirl
Super giant TV screen
Then a camera to take pictures of me
I get my girlfriend to come round
To freak around with locus sound
My automatic camera then will spy
As on the bed now we would lie
????????????? whirlwinds flash on the screen
Where moments before, we had been
I'm wired up for sound
I'm earthed to the ground
I'm wired up for sound
I'm earthed to the ground....
