

Agents Of Chaos, Into The Realms [incomplete]

Agents Of Chaos

Agents Of Chaos

Into The Realms [incomplete]

Long ago these ??? skies

Told our race a tortured lie

Wings had borne them across the land

Their existence still dust in our hand

Our voices cackled in their ears

Could not abate or lulled their fears

The seas had frothed and flashed to steam

Their flesh was scalding for one human's dream

A human's dream

A human's dream
