If You Need Somebody Tonight

If you need somebody tonight

Here I am, here I am,

If it's love you need in your life

Here I am tonight.

If you want somebody to hold

Take my hand, take my hand,

If the night is getting too cold

Take my hand tonight.

I will hold you, I will love you,

I will be there right beside you,

You will never be lonely again.

If your heart is missing someone

Here I am, here I am.

If you need somebody tonight

I will hold you, I will love you,

I will be right there right beside you,

You will never be lonely again.

If you want a love that is strong

Here I stand, here I stand,

In my arms is where you belong

If you need somebody tonight.

If your heart is missing someone

Here I am, here I am,

And if what you need is my love

Here I am tonight, here I am tonight
