Agnostic Front, Frustration

What I dont want to ever Have to think about again What I dont want to ever Have to think about again. Well I dont want you tell me About what I know I gotta do Well I dont want you tell me About what I know I gotta do. Well Im frustrated walking down the street You dont know what Im thinking in my head When Im frustrated walking down the street You dont know what I really understand. Is it something that you gotta say Is it something that you gotta do Is it something that you want from me. Something for you.
