

# Agnostic Front, It's Time

Time has come now, can do anything  
Gonna show you how I really am  
Time has come now, can say anything  
gonna show you what Im gonna plan.  
In the end when its all said and done  
Ill be around, probably the only one  
In the end when its said and done  
Gonna have my Time.

Time has time now - Can try anything  
Gonna show you how I really am  
Time has come now - Can be anything  
Gonna show you what Im gonna plan.

Its time

My time

Our time

For everyone to know.
