

# Agnostic Front, No Mercy

Hypocrite we had a deal.  
Nothing ever fucking real  
Never trust the outsider.  
It's proven once again  
You can say what you wanna say  
No forgiveness no mercy  
Or you can just go straight to hell  
No forgiveness no mercy  
It was nothing but a big charade tired of  
Playing these fucking games  
Can't wait to see your tombstone slate may  
Have been fooled but never played  
Fuck you I don't need you!  
Turns out I'm better off anyway tomorrow is another day  
I don't need no sympathy from someone living in a fantasy
