

Agnostic Front, Nowhere To Go

Abandoned - Nowhere can I turn
Fallen - A lesson to be learned
You hand me the blame, all this never ends
Its always the same, Ill get this never ends
All I know - Got nowhere to go
Nothing to show - Got nowhere to go.
Illusion - Things they should be clear
Delusion - No doubt was ever there.
Whoah oh! - Got nowhere to go
Left alone with nothing to show.
In the streets weve made a home
Our friends are all those we know.
Not guilty, I plead the fifth
Faced the consequences for the crimes I did.
People keep tryin to put me down
Im right here Im still around.
