

Agonize, To Paradise

I take you to paradise

I take you to paradise
Close your eyes, you won't feel the pain
Take my hand you don't need paralyze
My hands on your neck down in the rain
Down in the rain....

Your eyes don't see
What you mean to me
So fright... help me
From falling complete

I take you to paradise
I take you to paradise
Your eyes don't see
What you mean to me
So fright... help me
From falling complete
