

Aguilera Christina, Love Will Find A Way

Christina Aguilera
Love Will Find A Way
No one ever said that
Love was gonna be easy
Gotta take the ups and downs
The in-betweens
If you take this journey
Gotta give yourself completely
Never let nobody ever step on a dream

You better stop
Listen to these words I say
You better stop
Don't you throw this good thing away
no no
Put your trust in me
And I'll make you see

Chorus:
No the rain wont last forever
Find a way to make it better
Long as we can stand together
Love will find a way
Gonna make a new tomorrow
Say good-bye to tears and sorrow
Better listen when I say
Love will find a way

Somebody tried to tell me love
don't last forever
Said it only happens in your wildest dreams
After all is said and done
We're still here together
Never listen to the lies and jealousy

You better stop
Don't you let them turn you around
You better stop
Hang onto this love that we've found
Nothing that they say
Can stand in our way

Chorus

I want you
I need you
You know that I
Believe you
We got it
You know it
So if it's real
Just show it baby

I want you
I need you
You know that I
Believe you
We got it
You know it
So if it's real
Just show it baby

Try

Listen to these words
That I say
Try
Don't you throw
This good thing away
No
Put your trust in me
And I'll make you see

Chorus (2X)

I want you
I need you
You know that I
Believe you
We got it
You know it
So if it's real
Just show it

I want you
I need you
You know that I
Believe you
We got it
You know it
So if it's real
Just show it

Chorus to Fade
