

Ai Bendr, Love Me Low

Don't let me go
Baby, Don't let me go
I can't seem to fight
This feeling
I get, when i am with you

So, kiss me slow
Love Me Low

I just wanna be
I just wanna be
With you
I just wanna be
With you, you

You know i love, love you
You don't even know
How i am gonna miss you
Baby, i just wanna kiss you

Stay
Until the day is dome
You don't even know
Just how much i need you
Baby, i just wanna keep you
With

If your lips are the past
Ones that i will ever love

I don't wanna miss
A Chance now
To kiss
To love you

So take me home
Love me low
Just how much i need you
Baby, i just wanna keep you
With

You know i love, love you
You don't even know
How i am gonna miss you
Baby, i just wanna kiss you

Stay
Until the day is dome
You don't even know
Just how much i need you
Baby, i just wanna keep you
With me
