

# Aiden, One Love

When I wake I see you  
Lying there on the bathroom floor with foam lips  
A black kiss, you're dead heroin  
I miss the way you look so nice  
We'll save the un-dead princess  
I'm anxiously awaiting your arrival now

One love  
In your eyes now  
Look afraid  
Beyond human aid  
One love  
In your eyes now  
Look afraid  
Beyond human aid  
One love  
In your eyes now  
Look afraid

The demon,  
Your ghost eyes, watching me run through our lives  
A soft look, in silence  
Misery come and find us  
Well don't try to stop me  
I'm headed straight to hell down  
I want you, I need you now

One love  
In your eyes now  
Look afraid  
Beyond human aide  
One love  
In your eyes now  
Look afraid  
Beyond human aid  
One love  
In your eyes now  
Look afraid  
Beyond human aid  
One love  
In your eyes now  
Look afraid

The last night you were here  
Your words were so meaningful  
With reprise, we'll suffer  
I thought your ruse was so fake

One love  
In your eyes now  
Look afraid  
Beyond human aid  
One love  
In your eyes now  
Look afraid  
Beyond human aid  
One love  
In your eyes now  
Look afraid  
Beyond human aid  
One love  
In your eyes now  
Look afraid  
Beyond human aid

One love  
In your eyes now  
Beyond human aid  
One love  
In your eyes now  
Beyond human aid  
One love
