

Aimée Allen, Change In Weather

I hit rock bottom,
Slapped and shot him,
Got him black and blue
He came back swingin',
Didn't know I was dealin' with a devil in the things I do-oooh
But not today, not today
I'm gonna get a better life for me
I'm singin' not today, not today
A reason to live alone
And I-I can do so much better
And I-I need a change in weather
And I-I can't believe it's true
But I'm finally over you
Yeah, I'm finally - over you
Yeah, I'm finally - over you
Slipped it in my drink,
It was the missing link,
Between being dead and being gone
Just when you think I'm beat,
I'm gettin' on my feet,
And I'll be dancing while you hear my song
All the way,
All the way,
All the way,
All the way down
I've never lions fed,
But I'm still stuffed in his mouth
And I-I can do so much better
And I-I need a change in weather
And I-I can't believe it's true
But I'm finally over you
Yeah, I'm finally - over you
Yeah, I'm finally - over you
You're everything, that I love to hate
My own private, please stay
You're everything, everything, that I love to hate
My own private - poh -lease stay
(Poh-lease stay, poh-lease stay, poh-lease stay
Poh-lease stay, poh-lease stay)
(Poh-lease stay, poh-lease stay, poh-lease stay
Poh-lease stay, poh-lease stay)
Yeah
And I-I can do so much better
And I-I need a change in weather
And I-I can't believe it's true
But I'm finally over you,
Yeah, I'm finally - over you
Yeah, I'm finally - over you
Yeah, I'm finally - over you
Yeah, I'm finally - over you
Over you...
