

# Aimée Allen, Emergency

dont touch me  
trust me  
u disgust me  
try to shove me in your daddys money  
but im better on my own, i got some things that i do,  
betta on my own, i show u how u turn my insides out  
get the hell away from me, its an emergency,  
turn me black and blue  
get the hell away from me all of my friends are free  
i gotta break away from u , oh oh oh oh  
dont push it,  
your whole shit dont phase me  
u can cut me  
but i wont bleed baby cuz im better on my own,  
i got some things that i do,  
betta on my own, i show u how u turn urself a round  
get the hell away from me its an emergency,  
turn me black and blue  
get the heall away from me all of my friends are free  
i gotta break away from u, oh oh oh oh  
do u remember all we had  
and we loved it  
such a perfect world  
that we trusted  
now its time to let go..  
baby dont touch me trust me, dont touch me  
baby dont touch me trust me, dont touch me  
baby dont touch me trust me, dont touch me  
baby dont touch me trust me, dont touch me  
get the hell away from me, its an emergency  
turn me black and blue,  
get the hell away from me all of my friends are free  
i gotta break away from u, oh oh oh oh  
(repeat)
