

Air Supply, One More Chance

Whenever my mind sees you girl
I think of the times we owned the world
Crazy in love I missed the signs
I just couldn't see
I never believed you were leavin' my life

CHORUS # 1

Baby give us one more chance
So we can love again
There's a time for love, a time to heal
Now it's time for us to mend

CHORUS # 2

Baby give us one more chance
Let me come back home
I don't wanna run the endless road
Or fight this world alone

You were the diamond in my life
You were the only star in sight
Playin' against the odds I lost

All that I had
Oh what was the cost of you leavin' my life

CHORUS # 1

CHORUS # 2

Give us one more chance
It's all that we need
To let the heartache mend girl
And make a love once broken
Strong again

CHORUS # 1

CHORUS # 2
