

Air Supply, The Earth Is

There's a man with the smallest of worlds in his hands
And a tear fills his eyes as he tries to hold on
Holding his world together

There's a girl in the other half of the sky
And she's wondering why her planet should sigh
Don't you want me 'round forever

The earth is too small to be divided
Sunrise, moonfall, deep in the heart
A part of everyone

And we can't wait anymore, the time has come
And those who need something more will feel the sun
We're sharing one

The earth is too small to be divided
Sunrise, moonfall, deep in the heart
A part of everyone

And we can't wait anymore, the time is now
You've got your foot in the door
Get through somehow, break through somehow

The earth is too small to be divided
Sunrise, moonfall, deep in the heart
A part of everyone
