

# Air Supply, We Are All Alone

We are all alone  
that's the way it seems to be  
Love is in my sight  
and I can see it if you can  
Where do we come from,  
I've been waiting for so long  
We are all alone,  
say you will.

The lights have all gone home  
and are safely tucked away  
There's nothing to come between us  
but the words we've got to say  
Where do we come from,  
I've been waiting for so long  
We are all alone.

And now we are both here,  
are we really within reach  
Of the things we need to do  
c'est a ou, c'est la vie  
Where do we come from,  
I've been waiting for so long  
We are all alone.

And now we can both  
spend all the time that's come our way  
I'm not going to let you go  
for another single day  
Where do we come from,  
I've been waiting for so long  
We are all alone.
