

# Air Supply, What A Life

Love comes to everyone some are weak some strong  
I'm not strong today  
They've took her back, brought the curtain down  
What can I do now, I'm afraid,  
I'm afraid to think about it.

What a life, gets better as it goes along  
What a life, gets better as it goes along

Been in love,  
been left standing till I said is that what I want  
Ooh, Ooh there's got to be another smile on my face  
I don't care about the money I make or what it can do  
I'm alive, and that's what's important to me  
I don't need someone to tell me  
you'll get along, you'll get along  
Who to love, who to watch over me.

What a life, gets better as it goes along

What a life, gets better as it goes along

There's an old man been calling me for a long time  
I'm never able to get his face off my mind  
He always said to me, take it easy, take it easy  
And all the things you want will come easy, will come easy.

What a life, what a life!  
What a life, gets better as it goes along  
What a life, gets better as it goes along

He always said to me, take it easy, take it easy  
And all the things you want will come easy, will come easy

What a life, gets better as it goes along (Bis)
