## Air, The Way You Look Tonight

I like the way you look tonight No blood in your vein, what does it mean ? Trashy art everywhere, on the screen Slow motion aftertaste, I've had foresight

That's the way you look tonight I like the way you look tonight

Free union rider in the sun Here comes the lord of audio beauty Do you really have a digital body ? People like you grim, lust for fun

That's the way you look tonight The way you look tonight I like the way you look tonight The way you look tonight....
